

# COMMUNITY HEALTH NEEDS ASSESSMENT

**QUEEN'S ASPIRATIONAL GOAL** Improving Health & Well-Being of Native Hawaiians  
reducing the gap in Life expectancy in half in 10 years and a life well lived.

- 2018 helped to broaden the conversation and deepen our understanding of what makes ours a healthy Hawaii
- Focus is around key upstream determinants and downstream impacts
- The 2021 charge was to provide an update to 2018, including looking through a COVID-19 lens
